

17th July 2020

RE: End of Life Notification - The Email Laundry Platform

Clean Communications Ltd, a FireEye company, has officially announced the end of life for The Email Laundry platform and has now given formal notice, effective 17th July 2020, under the terms of their licence agreement.

Clean Communications Ltd plans to discontinue The Email Laundry services on 17th August 2020. To ensure there is no interruption to your email security scanning services all Brigantia partners should complete, as soon as possible and certainly before the 17th August, the migration of their customers to the Hornetsecurity platform, which is Brigantia's recommended supplier of email security services.

It is the goal of Brigantia to make the migration of your customers to the Hornet Security's enhanced platform as quick and easy as possible, to which end we have devoted considerable internal technical resources. If you need support in migrating your remaining customers, further guidance is available on the [Hornetsecurity page](#), and further [onboarding slots](#) are also available.

Brigantia's Technical Services Manager, Rupert Abrahams is responsible for assisting Brigantia partners during the migration phase and will be happy to provide any assistance and support as needed.

If you have any questions or require support please call us on: 020 3358 0090 or email us at: partnersupport@brigantia.com.
