Objection handling

“Will support actually be easy to reach when I’m stuck?”	Doc2 offers UK-based phone, email and live chat support, plus an in-depth knowledge base.
“Why should I switch if X mostly works for our contracts?”	Doc2 offers UK-specific support, live Companies House integration, transparent usage limits and concierge onboarding, helping you to create, send and track contracts faster and more accurately.
“What about surprise limits or price hikes like other providers?”	Doc2 provides clear, transparent plans with defined usage limits, so there are no unexpected costs.
